Washing Instructions

- Wash in cold water, gentle cycle, with mild detergent.

Mei Tai Baby Carrier Safety Precautions

- ~When wearing a baby on your back, the most secure position for the fabric is pulled up to the armpits (arms out) or neck (arms in), depending upon the mood of your baby.
- ~Keep an arm around baby when bending over.
- ~A baby carrier is not meant to be a safety restraint in the car or airplane.
- ~Do not use your carrier while cooking.
- ~Always be aware of your baby's position in the carrier. Do not use the carrier with an uncooperative child.

Wearing Tips

- ~Success with any baby carrier takes a little practice. You can ease the process by making sure that baby is fed, rested, and happy before you try the Mei Tai the first few times. It won't be long before you will both turn to the Mei Tai for comfort.
- ~The first few times you tie baby on your back, make sure that you are either over a soft surface or with another adult. You will quickly learn to do it yourself.

Wearing Instructions

No two people wear the Mei Tai exactly the same way. Experiment with the straps tied in different positions until you find what is right for you and baby.
